### COMPRENSIÓN LECTORA:

Read the following text and answer the questions below.

#### Cats vs. Dogs

Cats and dogs are two of the most popular pets in the world. They have some similarities, such as being furry and cute, but there are also many differences.

Cats are more independent than dogs. They can be left alone for longer periods of time and don't require as much attention as dogs. They also take care of their own grooming, so you don't have to give them a bath.

Dogs are more social animals and require more attention and exercise. They need to be walked daily and played with regularly. They also require more training, such as housebreaking and obedience training.

Both cats and dogs make great pets, but it ultimately comes down to personal preference and lifestyle.

Write a paragraph about your favorite hobby. Include details about why you enjoy it and how often you do it.

Respuesta:

My favorite hobby is playing soccer. I've been playing since I was a child and it's something that I enjoy doing to this day. I love the rush of adrenaline I get when I score a goal or make a great play. I also appreciate the physical exercise and how it helps keep me fit. I play twice a week, once with a local team and once with friends. It's a great way to relieve stress and have fun.
